

Built for You. Built to Last.

The CDM Difference

Our work stands the test of time.

We have equipment still operating in the field after

28
years

Long Lasting Equipment

The long lifespan of our equipment is what makes the decision to go with CDM cost-effective. When others eventually fails over time, CDM's custom-made equipment will still be standing.

"Based on longevity alone, the CDM product has been far superior to other equipment."

- Richard P., Maintenance Superintendent, Grain Industry

Pulp & Paper Plant Sees ROI in Less than 12 Months

There's nothing we haven't seen.

The average industry experience for CDM employees is

30
years

Staff Expertise

There's no substitute for experience. Our decades of knowledge help us determine the right specs for your project and ensure the finished product is optimized for your facility.

"This company has good people working in their office and their outside sales department."

- Arnie K., Branch Manager, Grain/Potash Industry

Fiberglass Manufacturer Reduces Maintenance Costs with CDM

We get things right the first time.

In the past two decades, we're proud we've had less than

1%
warranty claims

Custom-Built Solutions

We're proud of each piece of equipment we manufacture because every custom-built piece is different. Our experience and attention-to-detail ensures you get what you need.

"From the design of the conveyors to match the volume and tonnage requirements, and the timely fabrication and delivery, CDM did a fantastic job on our project."

- Richard P., Maintenance Superintendent, Grain Industry

Standardizing Conveying Equipment Transforms Potash Operation

Our record speaks for itself.

Since 2006, we've earned more than

91%
repeat business

Customer-Focused

It's our mission is to provide our customers with superior equipment and service, and we have 96% customer satisfaction rate that we take great pride in.

"CDM always puts the customer's needs first and makes sure they get the correct part the first time."

- Jared S., Technical Service/Sales Representative, Mining/Fertilizer Industry

Better Conveyor Designs Boost Coal Powered Utility Plant

Designed Specifically for You

"The CDM team has always been very accommodating to our ideas for modification and retrofits to existing equipment as well as design of new equipment."

- Richard P., Maintenance Superintendent, Grain Industry

We Do Things the Right Way

"Being an industrial distributor, I deal with many material handling companies. CDM is by far the best I have dealt with in my career."

- Jared S., Technical Service/Sales Representative, Mining/Fertilizer Industry
